How We can help you

Unlike many of our competitors, our [SEO experts](#) technical team is in-house. We do not outsource any work. This puts us in the position to be able to manage and monitor the results and the quality of our work at any given moment.

We know that deciding on an SEO company to work with can be an intimidating prospect. There are many search engine optimisation companies, who promise the world and deliver very little. SEO Divramis SEO Agency has developed a unique approach that allows us to prove ourselves to our clients. Our Pay-on-Results Campaign gives clients total peace of mind and allows SEO Vantage to demonstrate how we are different. This is just one of the reasons why **Divramis SEO Agency** has a 95% client retention rate.

Divramis SEO Agency has zero tolerance on black-hat [SEO practices](#). We adhere to webmaster Guidelines put forth by the major search engines. We only use fully tested SEO processes and we keep up with the SEO developments to provide better services to our clients.

What we do?

Hello, my name is John Divramis and I am a web designer, SEO Specialist and internet marketer.

It sounds like a three to one all the above, but I am working on website design and online marketing since 2000.

I had made my first website in 1998 and many years later and quite a hundred more websites down the road, I still love doing this job, making websites that rank in Google and bring results to their owners.

Whether you are a big business or a small shop, me and my time can provide you instant solutions for your company website, branding, digital marketing, Search engine optimization and a lot more.

Our mission

Our mission is to **Help business owners and marketing executives use technology and Internet to measurably improve their marketing performance and ROI.**

The performance increases we produce always exceed the investment in our service and there are many the times we grow in parallel with our customers' growth.

What you can take from our website

If you take only one thing away from our website, to improve your website performance in terms of SEO, lead generation, marketing, and conversion rate dramatically.

We love helping other business grow and we like to have long term partnerships.

Industries we serve

We usually serve any industry in the market. Every website and company today needs a profitable website and a website that brings results.

Currently, Divramis SEO Agency's clients come from almost every B2C service industry, such as from retail products, eshops, and from every geographical location around the world.

We have clients from London, UK to Brisbane Australia and a bigger presence in the Greek and European Market due to my Greek origin.

Any industry in where you are there is no problem for us to adjust and perform.

We have built many websites and eshops today from cosmetics, to shoes or bio products and healthy foods.
